

## NEWS FROM ALL THE WORLD TOLD BRIEFLY FOR BUSY READERS

KING EDWARD MOURNS  
FOR LORD SALISBURY

Pays Tribute to the Dead Statesman's Services.

LONDON, Aug. 24.—King Edward's tribute to the Marquis of Salisbury, who died Saturday evening, is given in the "Court Circular." It is dated Marienbad, Sunday, and is as follows:

"The King has received with profound regret the news of the death of the Marquis of Salisbury, and his majesty deeply deplors the loss of so great a statesman, whose invaluable service to Queen Victoria, to the King and his country in the highest offices of state which he held for so many years will ever dwell in the memory of his fellow countrymen."

Messages of condolence are pouring in at Hatfield House. The senders include King Edward and Queen Alexandra, the Queen of Portugal and President Loubet. Touching references were made to the dead statesman in the pulpits of almost all the churches in the United Kingdom. There were many visitors to the village of Hatfield yesterday. The parish church was crowded in the morning, the worshippers including Premier Balfour, the Earl and Countess of Selborne, the marquis' sons and the members of his family and household.

ALVARADO IS ALIVE  
WITH HIS MILLIONS

AUSTIN, Tex., Aug. 24.—Pedro Alvarado, the multi-millionaire miner of Parral, Mexico, who was reported dead several days ago, is alive, according to a dispatch from Chihuahua, Mexico. Another miner of a similar name, who was reported dead, is also alive, according to a dispatch from the same place. Alvarado is one of the most remarkable mining men in the world. He was a poor poor man six years ago, working in the mines for 12 cents a day. He was ignorant, but energetic, and he spent what little time he had in searching for new claims. One day he stumbled upon land rich with ore. It panned so richly that his wealth in present is estimated at more than \$25,000,000.

CONSULAR REPORTS  
ON FOREIGN TRADE

Cost of German Schools. Richard Guenther, United States consul general at Frankfurt-on-Main, Germany, has sent the State Department some interesting figures on the cost of public elementary schools in Germany. He says in part:

"The cost of public elementary schools of the German empire is \$98,817,124 per year. Of this the states contribute \$28,644,966. The cost of the public elementary schools in the different German states is smallest in the principality of Schaumburg-Lippe, with \$50,034, the state contributing \$8,092.

In Prussia the state contributed \$17,389,708, the total cost being \$64,240,246. The share of the states of the whole German empire for the support of public elementary schools was 28.89 per cent. In the kingdom of Prussia the states contributed 27.8 per cent. In the eastern provinces of Prussia, between 40 and 50 per cent. In the western provinces, only a little over 20 per cent; and in the capital, Berlin, only 2.39 per cent.

Russia's Commerce in Orient. Henry B. Miller, United States consul at Nuchwang, has sent the State Department the following important comments upon Russia's activity in establishing commercial enterprises in the Orient:

"The Russian steamer Veliky Kinaz Alexander Michailovitch, with 2,000 tons of lumber for the Chinese Eastern Railway, arrived at Nuchwang a few days ago. This is the first of a new Russian line of steamers entering into the coasting trade of Siberia, Japan, Korea, and China. The name of the company is the Pacific Steamship Company, Energhis, with head office at Vladivostok. The company was organized in 1892, under the patronage of the Grand Duke Alexander Michailovitch, minister of commercial navigation of Russia. This steamer is to be followed by several others very soon.

"Many other lines of Russian steamers are now actively engaged in the Pacific traffic, and passengers who travel between Dally and Japan and Dally and Shanghai say the steamers Manchuria and Mongolia, of the Chinese Eastern Railway, are as well furnished, as comfortable, and as well provided in every way as any steamers now on the Pacific Ocean, not excepting the new steamers of the Pacific Mail, Siberia and Korea.

"Another feature to be noted in connection with the cargo of this new steamer from Vladivostok is the fact that it consisted of lumber from Siberia. This is the first lot of a large amount that is to be brought here for the Chinese Eastern Railway. I am not advised as to the extent of the mills and forests of Siberia, and am not prepared to say to what extent this new timber supply will cut into the Chinese market for American lumber, but I have been informed, in a general way, that the possibilities of development of the lumber industry in Siberia adjacent to the Pacific and on the island of Sakhalin are considerable. In a large contract for lumber for Dally that was let recently, the American firms were beaten by Russian firms supplying the lumber from Siberia.

"I have also to report that the Russo-Baltic Steamship Company, of Riga, is

LITTLE SISTER SPOILS  
ELOPEMENT OF PAIR

CHICAGO, Aug. 24.—May Reilly, sixteen years old, captured her runaway sister yesterday, held her, with the aid of the police, until their father arrived, and put an unexpected end to a romantic elopement. The girls are daughters of James Reilly, superintendent of the construction department in the board of education. Lillian, who is eighteen years old, became infatuated with J. H. McBride, a clerk in a store at Cary, where both girls were spending a vacation. McBride took the elder girl driving the other night and when midnight came and they had not returned the "little sister," who had watched the progress of affairs, telegraphed to her parents to come to Cary. She then hired a team and started in pursuit of the elopers.

A 27TH CHILD NAMED  
FOR ALICE ROOSEVELT

TRENTON, N. J., Aug. 24.—The twenty-seventh child of William C. Pettifore, of this city, has just been named Alice Roosevelt, in honor of the "first maiden of the land," because of the admiration of the baby's father for the strenuous President, who has so much to say against race suicide. Pettifore is fifty-one years old, and all of his children have been born in the last thirty years. He is the father of four pairs of twins. Twenty of the offspring are still living, the eldest being a little more than twenty-nine years old. The man is a negro, born in slavery in 1852, the property of Colonel Kennison, of Jones county, N. C.

YOUNG WOMAN HAS  
HICCUGHS TEN DAYS

GREENWICH, Conn., Aug. 24.—For ten days Elizabeth Anderson, a fifteen-year-old daughter of Mr. and Mrs. William Anderson, has been hiccoughing. In spite of indications that she at one time was on the road to recovery, although the hiccoughing has not stopped a week ago Saturday, after a hearty meal, the hiccoughs started, and for four hours they continued. Her parents became alarmed and summoned Dr. Clarke. By that time the girl was in hysterics. Since then she has suffered periods of hiccoughing and hysteria lasting from two to four hours. On Thursday she was removed to the Greenwich Emergency Hospital, where she now is.

## BOHEMIA'S GLASS MANUFACTURES.

The porcelain and glass industries are among the most important in Bohemia, but there are no statistics respecting their output and general export. The export to the United States, however, is very considerable, says Consul Watts, at Prague, in a report to the State Department. There are in Bohemia forty-three factories manufacturing porcelain and china in different varieties and qualities, employing together about 7,000 workmen—from the most skillful artist for decorations down to the common laborer. There are also about 100 glass works employing about 12,000 workmen and varying largely in class of work. The Bohemian glass is too well known in the world to require any special mention. Both these industries are in a highly prosperous condition, with normal demand for their output. Most of the principal porcelain works are in the neighborhood of Carlsbad, where there are also several glass factories. Several important glass works are found near Haida, but perhaps the oldest and finest glass establishment in Bohemia is that known as the Graflich Harrachsche Glasfabrik, at Trosky, where the rarest and most beautiful glass is made, both for ornamental and domestic use.

## New Gutta-Percha Factory.

Oliver J. D. Hughes, United States consul general at Coburg, reports that a new concern has been started in England, with branches in Germany, for the manufacture of artificial gutta-percha under the Gutzsch patents. There is a large market for the product because of the increasing demand for gutta-percha and the shrinking of the supply of the natural article. A well-known European expert has testified that the German submarine cables insulated with the artificial gutta-percha, and that it gave highly favorable results. It is especially worth noting that this official report amounts to a complete confirmation of the extremely favorable properties of the new gutta-percha as regards its high insulation resistance and its low inductive capacity. The latter is considerably lower than that of the natural product.

## German Cable Rates.

The imperial German post and telegraph department has issued an order reducing the cable rates for messages to China, Japan, Korea, Manchuria, and the Philippines. It now costs to send messages to these countries per word not to exceed fifteen letters: China, Manchuria, \$1.08; Korea, \$1.21; Japan, \$1.21; Philippines, \$1.08 to \$1.15; Manchuria, \$1.08. These rates are for messages via Emden, Vigo, Vladivostok and Nagasaki. It is further announced by the postal authorities that after July 15, 1903, the use of cable codes may again be resumed in sending messages to Spain, Callegrams for Honduras, Venezuela, Nicaragua, Costa Rica, and Colombia will only be sent at the sender's risk.

DEMOCRATIC FIGHT  
IS CLOSE IN OHIONeither Candidate Has Delegates  
Enough for Nomination.

COLUMBUS, Ohio, Aug. 24.—The close contest between Mayor Tom L. Johnson, of Cleveland, and John L. Zimmerman, of Springfield, for the gubernatorial nomination, has caused more interest in the Democratic State convention here this week than for many years. Although each says he has a majority, the result depends upon the settlement of contests involving 145 delegates.

These contests are expected to prevent two Congressional districts at Cincinnati and one at Cleveland from participating in the selection of members of the committee, so that the committee on credentials may have only eighteen members voting on the first contest that is passed upon. With the custom of taking the contests up in alphabetical order, that of Cuyahoga county would come first, and it probably would be decided in favor of Johnson, so that there would be nineteen voting on the contests from Gallia, Hamilton, and other counties.

PAM, ALLEGED SELLER,  
SOLD BY REPORTERS

PITTSBURG, Aug. 24.—Max Pam, of New York, not wishing to be questioned by newspaper reporters while passing through Pittsburgh on the Pennsylvania Limited for Chicago last night, denied his identity. The interviewers engaged a telegraph messenger to rush through the train calling for Mr. Pam. The latter signed for the message and found on a piece of paper: "Compliments of the newspaper men. Did you really sell?"

POWERS TO SPEAK  
IN OWN DEFENSE

GEORGETOWN, Ky., Aug. 24.—The attorneys for Caleb Powers gave their consent to their client making a speech to the jury in his own defense. There will be direct arguments by three speakers, each speech to be of three hours, and Powers will make the closing argument on his side. The case will go to the jury late Friday.

ITEMS OF INTEREST  
FROM NEARBY STATES

## VIRGINIA.

RICHMOND. George Keith Taylor, for twenty-five years clerk of the supreme court of appeals of Virginia, died Saturday night at his home, 2308 East Grace Street, Richmond, aged nearly seventy-two years. He was a native of Hanover county, where as a youth he became a deputy in the office of the clerk of the Hanover county court.

Richmond is having a sort of building boom just at present, the work of construction here now under way or planned amounting to millions.

## THROUGHOUT THE STATE.

The little Catholic chapel at Old Point Comfort, for many years a landmark as well as a convenience to soldiers and visitors, has been removed to make way for improvements designed by the War Department. On a new site not far from the old one the Catholics stationed at the fort have begun the erection of a new and beautiful Gothic structure to replace the old St. Mary Star of the Sea Church.

Robbers attacked the car barn of the street railway powerhouse at Port Norfolk yesterday morning. Fred D. Ackerman, the engineer, was awakened at 2 o'clock by pistol shots. He found Robert Hill, a negro watchman, wounded in both legs and James Stewart, a negro fireman, bound, gagged and thrown out on the ash heap.

In the Halifax county primaries there was no opposition to county officers or to Lucy and Edmondson legislative candidates, and they were declared the nominees. In the Houston district there was a strong fight for supervisor, in which R. S. Barbour won.

With one precinct in Warrenton to hear from, which will not affect the results in Saturday's Democratic primary, Sheriff J. S. Hamilton is re-nominated by a small majority, defeating J. E. Olinger and P. E. Blackwell. This was the only contest over the county officers except in Cedar Run district, where Epps S. Cox, commissioner of revenue, was opposed by A. H. Weaver.

Deputy Collector J. Lucien Glenaves, just arrived in Roanoke from a trip through the mountains of Southwest Virginia, reports that with the exception of Roanoke and Floyd counties the county judges are arbitrarily refusing to grant distillers' licenses to applicants under the provisions of the Mann liquor law, passed by the last Legislature.

At a negro festival at Fredericksburg Saturday night Orange Hintz was shot and killed by James Burns. Both negroes have been working on the double track of the Richmond, Fredericksburg and Potomac Railroad, and did not live at Fredericksburg. They quarreled about a woman. Burns made his escape. The body of Hintz was buried by the authorities.

CASTORIA For Infants and Children.  
The Kind You Have Always BoughtRUSSIA WILL MAKE  
ITS STRIKES LEGAL

ST. PETERSBURG, Aug. 24.—A law legalizing strikes is in preparation. A general strike began on August 20, at Ekaterinoslav. The troops who were summoned to restore order met with a hostile reception, but dispersed the crowd after firing a few shots. Next day the tramway and railroad traffic was stopped; the newspapers did not appear and the factories were surrounded by troops. Thousands of strikers gathered in the market place, and a collision with the military occurred.

PHONOGRAPH USED  
TO TEACH PARROTS

PHILADELPHIA, Aug. 24.—In a bird store in North Ninth Street, where the untutored immigrant parrot flourishes, a woman has opened a twentieth century school of languages for the instruction of her feathered scholars in the intricacies of English as it is spoken in Philadelphia. Instead of straining her throat and consuming valuable time in repeating words for the parrots to practice on, the woman sets a phonograph going, retires to a rocking-chair and takes it easy. The phonograph does all the teaching.

JERSEY MAN POISONED  
BY MOSQUITO BITE

NEWARK, N. J., Aug. 24.—James L. Bathgate, a well-known resident of the Roseville section of this city, is suffering from blood poisoning, the result of a mosquito bite. Mr. Bathgate was bitten weeks ago on the forefinger of the right hand. The finger became swollen and was sore. He consulted Dr. Carl Sutphen, who at first thought the trouble might be due to the condition of the blood, but after an investigation found that such was not the case.

VESUVIUS, ACTIVE,  
FULFILLS PREDICTION

NAPLES, Aug. 24.—The prediction of Prof. Krull, of Munich, has been fulfilled, as Vesuvius Saturday night had a fresh period of activity. Frequent explosions were heard and stones were thrown to a height of 600 feet above the crater, while at the same time a slight earthquake was felt. The stream of lava has again begun flowing in the direction of Pompeii, although its progress is slow. The volcanic eruption is now diminishing.

HAWAIIANS MAY LYNCH  
A WIFE MURDERER

HONOLULU, Aug. 24.—E. M. Jones shot and killed his divorced wife and probably fatally wounded her mother, Mrs. Parmenter, early yesterday morning. Jealousy is assigned as the cause of the shooting. Jones' wife recently obtained a divorce on the ground of cruelty. He is a half-breed, while his wife was a member of a prominent white family. After the shooting Jones disappeared, with threats to commit suicide. There is talk of lynching him in the event he is found alive.

## LOCAL MENTION.

When You Drink a Toast

To your friends' health benefit your own by drinking Nat. Capital Brewing Co.'s "Munich Beer." 2 doz., \$1.25. Phone 222 for case.

## Conductor's Pocket Picked.

C. M. Copen, a conductor on the F Street car line, this morning reported to the police that last night some one picked his pocket of a silver watch.

## Shaffer's Floral Suggestions for Funerals

Out flowers or designs. 14th and I, 1711 Pa. ave.

## Paroled Lunatics Escape.

While out in the grounds on parole, Sunday afternoon, C. P. Mendocino and H. D. Waldron, thirty and twenty-five years old, respectively, inmates of St. Elizabeth's Insane Asylum, made their escape. This fact was discovered when the institution was closed for the night, and the police were notified.

## Sewing Machine Renting &amp; Repairing

Auerbach, 7 & H, Domestic Office, Phone E. 722.

## Fell From a Car.

May E. Smith, of 312 E Street northwest, fell from a Columbia car at Fifteenth and H Streets northeast last night about 8 o'clock. She sustained a cut on the back of the head, but declined to go to a hospital. She was sent home.

## 24 Bottles of Lager Beer for 75c.

We use the aluminum stoppers—the latest patent. Beavers, 422 4th st. Phone M. 1005-D.

## Father and Daughter Hurt.

Edward A. Atchison, forty-five years old, of 123 B Street northwest, and his daughter, Madeline, fell from a moving car last night at Ninth and F Streets northwest. Both were slightly injured, but were able to go home.

## A Complete Stock of Lamp Shades.

616 12th.—C. A. Middleton & Co.—1204 G.

## Still Waiting for Change.

Miss Patti Joy, of 735 Eighth Street southeast, reports to the police that yesterday she gave Daniel Hardy a \$10 bill to get changed for her. She is still waiting for the change.

## Bicycle Smashed by Surrey.

Richard Johnson, a negro boy, was riding a bicycle last night, when at Thirteenth Street and Pennsylvania Avenue northwest he was run into by a surrey driven by a white man. The boy escaped, but the wheel was smashed. The man continued on his way.

## On the face of the returns of Saturday's Democratic primary in Washington county it looks as though ex-City Councilman Hammond A. Downin, of Eskerstown, will win the shrievalty nomination, although W. E. Ford, of Boonsboro, and Norman S. Munson, of Hagerstown, are in the fight.

Jose A. Kirk, vice president of the National Bank of Rising Sun, died yesterday morning after a short illness. He was in the eighty-second year of his age. He was born in Cecil county, June 22, 1822, his father, Allen Kirk, being a leading citizen and farmer in his day.

## The Harford County Fair will begin at Belair tomorrow. The track arrangements will be better than they have been for many years, and attractive prizes have been offered in the trials of speed.

## LOST IN HURRICANE.

MOBILE, Ala., Aug. 24.—The George T. Kelley, from Bluefields, for New Orleans, and the American schooner Bentley, from Mobile, to Cienfuegos, overdue vessels, are supposed to have been lost in the West Indies hurricane.

Bears the Signature of *Chas. H. Hitchcock*

ZIONISTS OFFERED  
TERRITORY IN AFRICAAnnounced That Great Britain  
Will Give Land.

BASEL, Aug. 24.—The Sixth Zionist Congress opened here yesterday, under the presidency of Dr. Theodore Hertzl, of Vienna. Among the 500 delegates from all parts of the world, including the United States and Canada, who assisted at the opening were M. Max Nordau, Sir Francis Montefiore and Israel Zangwill, the novelist.

CAYMAN ISLANDS LAID  
WASTE BY HURRICANE

KINGSTON, Jamaica, Aug. 24.—A schooner which arrived here this morning reports that the Cayman Islands were devastated by a hurricane on the evening of August 11. Many houses at Georgetown, a village near the west end of Grand Cayman Island, were demolished. Vessels in the harbor were driven out to sea; two subsequently returned, but the others had not been heard of up to August 17. It is feared that serious loss of life has occurred. All the trees and crops were destroyed and a famine is imminent.

HAWAIIANS MAY LYNCH  
A WIFE MURDERER

HONOLULU, Aug. 24.—E. M. Jones shot and killed his divorced wife and probably fatally wounded her mother, Mrs. Parmenter, early yesterday morning. Jealousy is assigned as the cause of the shooting. Jones' wife recently obtained a divorce on the ground of cruelty. He is a half-breed, while his wife was a member of a prominent white family. After the shooting Jones disappeared, with threats to commit suicide. There is talk of lynching him in the event he is found alive.

## LOCAL MENTION.

Give Reisinger's Ice Cream a Trial

And you'll take it always. Absolutely pure. 81 gal., 50c 1/2 gal. 225 1/2 st. Phone E. 892

## Engage in Fight.

William Holt, Frank Kengle, and Henry Copperthill engaged in a fight last night at Thirteenth and P Streets northwest, in the course of which Holt was injured about the back and head. He was taken to the Georgetown University Hospital, where it was found his wounds were not serious. Holt lives at 2044 Thirteenth Street.

## Genuine \$5, \$6, and \$7 Sample Shoes.

Three hundred styles at \$2.85. Keene's Shoe Store, 908 G Street northwest.

## Injury to Head.

James McKeough, forty-seven years old, living at Ninth and E Streets northwest, fell in front of his home yesterday afternoon, striking his head against the curb. He was taken to the Emergency Hospital.

## Beware of Typhoid Fever.

"Babek" prevents it. All druggists.

## Fell Into Plow Pit.

Moses Jones, a negro, fifty-two years old, fell into a plow pit at Thirteenth Street and Prospect Avenue yesterday morning. He was taken to Georgetown University Hospital, where he was found he had a small scalp wound.

## MEDICAL.

## DR. REED SPECIALIST,

509 12th St.

## 23 YEARS' SUCCESSFUL PRACTICE

HEALTH TO THOSE WHO SUFFER FROM Catarrh, Rheumatism, Bladder Trouble, Piles, Nervousness, Lung, Brain, Heart, Blood, and Skin Diseases. The doctor, even his rivals, but these would be only temporary, have proved to be permanent and abiding, and continues to increase the public becomes more and more familiar with the genuine merit upon which it is based.

Many explanations are offered, varying in frankness according to the spirit of the speaker. Superior skill, experience, and training are conceded by Dr. Young, even by his rivals, but these do not alone account for his prosperity. That his practice is today larger than it ever has been cannot alone be attributed to truthful advertising, nor to unquestionable and superior skill. No! The underlying principle of all is the fact that Dr. Young has with him, lines, with dignity, and with truthfulness, and with the public as a professional man should, providing no more than he can perform, and claiming no more than he accomplishes.

All Diseases of a special nature Promptly, privately, and Permanently Cured.

Office hours—Daily, 10 to 1 and 8 to 6; Sunday, 10 to 1; Wednesday and Saturday evenings, 7 to 9. Charges low.

## CONSULTATION IN PERSON OR FREE

## DR. BALDUS, German Specialist,

S. E. cor. 6th and F sts., treating Acute and Chronic Diseases. Charges low, including medicine. Consultation free. Hours: 9 to 1, 4 to 8.

SKIN DISEASES THE OUTCROPPING  
OF BAD BLOOD

And while not always painful are aggravating beyond expression. With few exceptions they are worse in spring and summer when the system begins to thaw out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Tetters—the twin terrors of skin diseases—Nettle-rash, Poison Oak and Ivy and such other skin troubles as usually remain quiet during cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. now will counteract the poisons and humors and purify and enrich the blood, reinforce and tone up the general system and stimulate the sluggish circulation, thus warding off the diseases common to spring and summer. The skin, with good blood to nourish it, remains smooth and soft and free of all disfiguring eruptions.

Send for our free book on diseases of the skin and write us if you desire medical advice or any special information. Will cost you nothing.
